© 2023 The American Road & Transportation Builders Association (ARTBA). All rights reserved. Data from U.S. Treasury and the Federal Highway Administration. Project commitments are included if the base year of the award (identified in the U.S. Treasury data) is the same as the year the funds are obligated. In some cases, this includes bond payments for work already completed or the conversion of advance construction funds for a project underway. Does not include COVID relief, emergency, or supplemental funds. State map does not include projects classified as "statewide". FY2022 totals include project commitments made using FAST Act extension funds, to provide a full year on year comparison of total projects supported by the federal aid highway program.
